Mission Statement: The Mathews Maritime Foundation is a nonprofit foundation dedicated to preserving and protecting Mathews County's rich maritime and cultural heritage through research, conservation, documentation and education.

Impact Statement: Mathews Maritime Foundation educates the public about Mathews County's rich maritime heritage. A heritage that pre dates the Revolutionary War.

This heritage is disappearing and the knowledge thereof is also fading from the minds and consciousness of the community. Residents and tourists alike are often unaware of the rich maritime background woven into the threads of families and the nation's history. Young people even within the county, often have not heard of Pungies, Bugeyes, tonging, and jimmies. Our history and the fabric of who we are in unraveling.

The Mathews Maritime Foundation provides education to youth through Maritime Heritage Day, Chesapeake Bay Days, and Family Boatbuilding. Adu(...See Nonprofit Portrait for more information)
